DIGITAL SOLUTIONS

Globally, organizations are changing the way they operate their business to remain on top and stay ahead of competition. As technologies evolve and the emergence of AI, ML, NLP etc., enterprises are under continuous pressure to modernize, accelerate innovation and purposeful transformation.

We work at the intersection of Business, Technology and Math. As a pure play Data Sciences company we build data science journeys that provide actionable business insights. To know more: www.agiledigitech.ai

TALENT MANAGEMENT AND UPSKILL

Started by Silicon Valley Founders with 20+ years experience in Technology upskilling, career mentorship & customer success.

Jobsbridge Institute is a Data Science, Machine Learning and Analytics specialized, hands-on & classroom-based Tech. Coding school with courses tailored for students and working adults. Our career-focused curriculum is based on the latest trends and business use cases, to keep students ahead of the learning curve. We offer job orientation and placement services at the end of every course, supported by our finishing course experts with a job guarantee. To know more: www.jobsbridge.com

Our Approach

Our approach combines our understanding of emergent technology trends with a commitment to meeting the Digital Transformation needs of our clients. We are proactive in our service levels, demonstrating our customer centric approach, which has helped us retain our customers year after year. Our technology staff is diverse and talented in all aspects of digital and cloud technology, including deep rooted which is core to every aspect of the engagement process. We love what we do and it shows in the solutions we produce. We strive for excellence in every step of our way to set high level of personal and professional standards.

STAFFING SOLUTIONS

At Agile Datapro we have a versatile pool of Emergent Technology Talents. Our experienced team of technical recruiters help deliver faster team ramp-ups, on-time, and within budget - doing away with customer need to maintain in-house hiring teams. Our staffing model eliminates your cost for identifying, recruiting, training and retaining skilled technology talent. We provide companies with skilled IT professionals on contract, contract-to-hire and full-time basis. Backed up by strong SLAs and satisfaction guarantee you can bank on us to provide your business with the right technology talent on-time, every time.

WE'VE WORKED WITH A DIVERSE CUSTOMER BASE. HOW CAN WE HELP YOU?
